

Anapea Village Mtsvane

Orange Wine

Organic Farming

No Sulfur Added and Vegan

Anapea Village is a producer of traditionally styled Georgian wines. They farm organically without harmful chemicals, and make their wines naturally with no added sulfur. All of their wines ferment in clay amphora, qvevri, which are buried underground. This wine, from the noble Mtsvane grape, is made in the style of an orange wine with 6 months of macerations on skins. Stunning aromas of pineapple, apricots, guava, compliment its medium bodied, concentrated, and distinctly dry palate. Orange wine at its finest!
